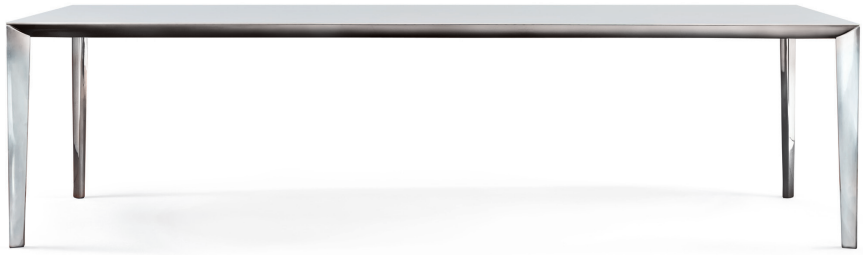
FILIGREE —
RODOLFO DORDONI 2013



Filigree is a range of fixed size and extension tables. Glossy and matt diecast aluminium frames underpin tops enhanced by a wide range of finishes. The technology used in the discreet Filigree main element allows an extendable table with an invisible lateral telescopic system. The entire top is without cuts, and extends to double its size. It allows the maximum use of space thanks to the outer legs, minimum thickness of the tops, and above all its mechanism containment structure and extensions which are only 38 mm internal thickness. The tables are available in different materials and finishes to meet all needs.

TECHNICAL INFORMATION

FIXED TABLE STRUCTURE
Aluminium extrusion anodised or clad with sliced Eucalyptus wood, with internal metal frame and laminated struts.

EXTENDABLE TABLE STRUCTURE
Anodised extruded aluminium with internal metal frame and runners on extruded aluminium tracks. Telescopic cover profile of the extendable table in extruded plastic.

GLASS TOP
Transparent or etched extra light glass, tempered, th. 6 mm, painted in colours in the Molteni range.

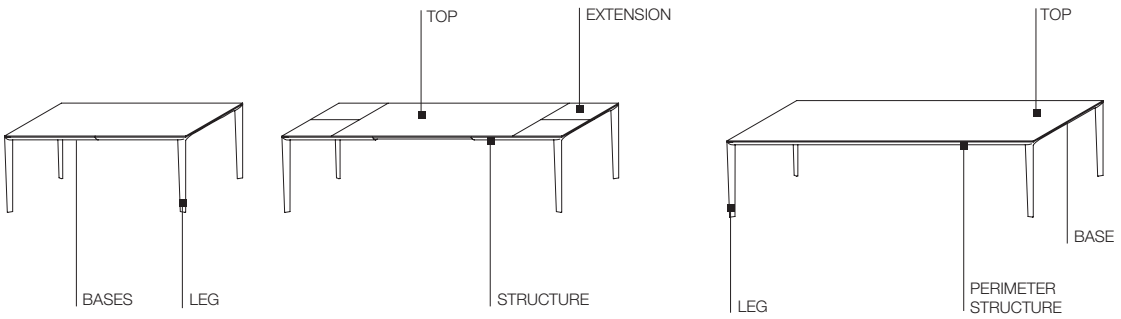
WOOD TOP AND EXTENSIONS
Composite panel of medium density fibre and aluminium sheets, th. 1mm, covered in Oak (Quercus), Elm (Ulmus rubra) or Eucalyptus (Eucalyptus globulus) veneer, FENIX NTM® laminate or painted in colours in the Molteni range.

MARBLE TOP
Marble in Range finishes with anti-stain, water-repellent treatments.

FIXED TABLE BASE
Wood particleboard panel with painted melamine facing.

EXTENDABLE TABLE BASE
Medium density fibre composite panel with external surface in anodised aluminium sheet, th. 1mm.

LEG
In die cast aluminium shiny brushed, chromed, or clad in sliced Eucalyptus wood. Internal metal brace and foot in non-slip plastic.



Dimensions in millimeters and inches. The right to discontinue and make changes is reserved. This information is based on the latest product information available at the time of printing.
