

SPOOL 001 sofa

R|O|D|A

Design
Rodolfo Dordoni

Description
Sofa for outdoor use

Structure
AISI 304 stainless steel frame treated with electrostatic powder painting with polyester base that gives more protection from scratches and the final coloring to the product.

Cords
Double-twisted 100% polyester thread, in cotton finishing; great toughness and great resilience, high resistance to abrasion, to heat, to bending stress, high modulus of elasticity, minimal wet regain, good resistance to chemical agents and to bad weather conditions; color fastness to light of 7 in the blue scale (maximum of the scale: 8); the exposition to extreme weather conditions may cause a discoloration of threads.

Cushions
Standard or hydro draining

Weight
Structure: 19 kg
Cushions: 9,5 kg

Storage cover
Available

Finishes

SPL001-01-01

SPL001-02-02

structure
inox\smoke 01
cord
01 grey

structure

cord
02 milk

Maintenance

Stainless Steel

Maintenance and cleaning: in case of exposition to the weather conditions, especially in corrosive area, (for instance near the seaside), to avoid rust formation, it is recommended to wash regularly the product with mild fresh water. If the product needs a stronger cleaning, use a neutral soap (UNIVERSAL CLEANER RODA) and warm or mild water. Dry immediately after to avoid stains and halos caused by water. Brush following the direction of polish (if the product is painted) and use a microfiber cloth to obtain a better result. To remove eventual print on the surface, use a glass cleanser or ammonia, rinse out accurately

and dry with a cloth. In case of persistent spots or scratches, use a specific detergent polishing product for stainless steel. Before using it on the product, try it in a hidden part to verify its efficiency and its no-damaging effect.

Do not use metallic brushes, abrasive products, acid substances, bleach or chemical aggressive solvents.

Cords

Brush the surface or treat it using water and neutral soap (UNIVERSAL CLEANER RODA). Do not use any abrasive products, acid substances or aggressive chemical solvents.
